Part of our mission is to serve other Visionaries to build their own inspired business with as much ease and grace as possible. So we want to share samples of emails we used for our very successful six-figure Visionary Ignition Switch 2015 launch. Below are two samples of invitations we used to invite Visionaries into our tribe, so we could then promote our VIS Live Course. Below please also find the full sales email sequence that we used to promote the VIS Course.

VIS E-BOOK INVITATION FROM LISSA

Subject: A Free eBook I'm Gifting To Spiritual Visionaries: How To Uplift The World

Dear Name,

Do you consider yourself a visionary on a sacred mission? Do you feel called to service the same way some feel called to be healers or called to the priesthood, as a sort of spiritual calling? Do you long to share your purpose, your message, and your vision in a way that positively impacts the world?

If you've already claimed your visionary calling or perhaps you simply feel the desire to step more fully into your life's work, I invite you to read this free book I wrote as a sort of manifesto for those who have a fire in their belly about sacred activism and visionary business.

In ***HOW TO UPLIFT THE WORLD***, you'll discover:

- **Why Serving Your Sacred Purpose Creates Deep Fulfillment and a Life Rich With Meaning.** Many people live lives of quiet desperation, constantly grasping at the next shiny thing that they believe will lead to happiness- career advancement, more money, the perfect soulmate, a tropical vacation, the dream house...yet, that *hungry ghost* inside never seems to get enough. Yet when you find and fulfill your purpose, guided by a Divine compass, this changes everything. A deep peace and sense of purpose awaits you if you're brave enough to do what you must in order to BE who you must.
- **The Challenges of Visionary Living.** Visionary life isn't for the faint of heart. Once you've surrendered your gifts, talents, time, and energy, committing yourself to being an instrument of Divine service in the world, you may be asked to do things that sound crazy to your mind (and everyone who loves you.) Fulfilling your sacred purpose requires crazy courage, vigilant spiritual practice, and tools of fine discernment. This book will share about the shadow side of being a visionary that few people talk about.

- **How to Cultivate the 10 Attributes of a Successful Visionary.** This book includes tips for implementing what it takes emotionally, psychologically and spiritually in order to step into your greatness with grace and have a lasting impact on your tribe and the planet.
- **A Quiz Intended To Help You Recognize Whether You Truly Are A Visionary.** When you read this checklist, you'll see right away whether visionary life is calling forth your greatness.
- **How To Avoid the Most Common Setback Visionaries Face.** You see it time and time again. Visionaries are on the right track, and then this one small thing interferes and they go off the rails. Simple awareness of this potential cul-de-sac can help you avoid easy-to-avoid setbacks.
- **The One Thing You MUST Do To Find & Fulfill Your Calling.** Most visionaries miss this key thing, and it hinders their capacity to do what they're here to do.
- **A Call To Action.** Once you know what sacred purpose is calling you, you're likely to be called into inspired action. But how can you tell if these actions stem from your ego or your soul? This book will help you discern the difference so you can step up and accept your mission with grace, ease, grit, passion, and nonattachment.
- **The Wake Up Call Epiphany Everyone Forgets When They're Trying To Find & Fulfill Their Calling.** People get so caught up in an idea of what being a visionary must be that they fail to recognize the simple thing that can make ANYONE find and fulfill their purpose. Without this one thing, you can have millions of fans but still fail to fulfill your purpose, and with this one gem in your heart, any job, even the humblest, most mundane task, has the potential to become your calling.

Go here to access your very own copy of this book for FREE.

If you know other visionaries that you think will benefit from this manifesto for visionaries, please feel free to share this invitation.

Warmly,
Lissa

SUBJECT: Are You In The Arena?

Dear Name,

In her new book *Rising Strong*, spiritual visionary master Brené Brown opens a courageous can of worms by talking about what so many of us avoid discussing- how to FAIL and still muster up the moxie to get back up and try again. In her last book *Daring*

Greatly, she quotes Teddy Roosevelt, talking about “the man in the arena” who “at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while *daring greatly*.” In her new book, she dives deeper.

“A lot of cheap seats in the arena are filled with people who never venture onto the floor. They just hurl mean-spirited criticisms and put-downs from a safe distance. The problem is, when we stop caring what people think and stop feeling hurt by cruelty, we lose our ability to connect. But when we’re defined by what people think, we lose the courage to be vulnerable. Therefore, we need to be selective about the feedback we let into our lives. For me, if you’re not in the arena getting your ass kicked, I’m not interested in your feedback.”

This is part of why we created our business course for visionaries, ***Visionary Ignition Switch: Fire Up your Message, Money and Meaning in the World***. We know how hard it can be to put yourself out there, be vulnerable, take emotional and financial risks, and GO FOR IT. We get it when Roosevelt says, “The credit belongs to the man who is *actually in the arena* [italics ours], whose face is marred by dust and sweat and blood.”

We know it’s scary to get in that arena - because we’ve done it. We’ve fallen. We’ve gotten bloody and blown it big time. We’ve lost money we couldn’t afford to lose, wound up in six figure debt, and lost relationships we didn’t want to lose - all because we dared greatly.

And you know what? We’d do it all again. It was worth it. But we wish we’d known then what we know now, and that’s part of what motivated us to create Visionary Ignition Switch for other brave souls in the arena. We want to make it *so much easier for you* than it was for us!

Frequently Asked Questions:

What will I learn?

You will learn the tested and true techniques and strategies we've personally used and learned to get our visions out in the world in a big way while being true to ourselves.

What if I don't feel like I know my life purpose or calling?

Many people find that going through a program like this helps them crystallize their vision. After all, our Inner Critics love to make sure we never get in the arena and serve our sacred purpose. Sometimes it takes being among a group of visionaries like what this Course provides, in order to spark your visionary mission. That is exactly why we joined forces with Martha Beck and created the Find Your Calling program. You can check that program out here.

How does this course differ from other business courses out there?

Unlike some business courses aimed at entrepreneurs - or even women entrepreneurs, this course is specifically designed not so much for those who want to sell designer dresses, silk diaper bags, or bathroom decorating services (not to judge those whose passion is fashion or decorating!), but for those who feel a pressing calling to be of service and participate in healing people, animals, nature, and dysfunctional systems. The trials and challenges spiritual entrepreneurs face are very different than those who are selling products or non-healing services, and this course is specifically designed to address those very issues. We believe in bringing spirituality into your business and your business into your spirituality.

How do I know if this course is for me?

We trust you to trust your intuition, and we hope to attract people who get a "Full Body YES" on this course when they feel into it. If you're not getting a YES or a NO, take this opportunity to practice one of the tools we teach in this course. Make the whole thing an offering to the Divine, ask for inner guidance or external Signs from the Universe, and pay close attention to see if you the Universe helps you decide. Remember, if you're getting a "Full Body MAYBE," keep in mind that you have one whole year to request a refund. So if you're not sure, try it. And if you don't genuinely benefit from it, we'll give you your money back

How will I be held accountable to stay on track and keep going?

We've built this LIVE 8-week course to make sure you have plenty of support every single week. You'll receive 7 LIVE group coaching, mentorship and Q&A calls with Lissa, Amy or Bruce Cryer (Lissa's amazing CEO who has decades of CEO experience), to help keep you on track, accountable to your goals and moving forward.

PLUS, you'll receive access to a powerful community of like-minded spiritual visionaries so you can feel supported on your journey. You'll have access to our online private Facebook group ongoing, long after the 8 Week Course ends, so you always have a way to connect with other inspired visionaries for support, motivation and inspiration.

Why do you cover so much in VIS Course?

Visionary Ignition Switch is a complete, soup to nuts comprehensive program that includes much more than most programs do. We could teach a separate course on each module and sell it for upwards of \$500 per module. But instead we decided to hold nothing back and give it all to you here. It's just how we roll.

You will have lifetime access to the content so you can come back to modules that might not be relevant right now when they are relevant. (i.e. You'll want to listen to the book launch module before you launch your book or make sure to listen to the speaking module before you hit the stage.)

How will I connect with other VIS students?

You'll connect with other students through our VIS student and graduate Facebook group and on the live calls. Who knows? Maybe your next JV partner or mastermind buddy is waiting for you!

What if I can't make the live calls?

Most students are unable to make all of the live calls and they report great results.

All calls are recorded so that you can easily listen to them online or download them to your mobile device. You'll also have the opportunity to submit your questions before the calls if you can't make them live.

What's the difference between the live class and the homestudy course?

For the first time in over 3 years we are offering Visionary Ignition Switch as a live course. This means you'll be walking through the course over an 8-week time frame with all of the other VIS students. You'll be held in a learning container to support you on your journey.

Each week you'll receive a LIVE coaching, mentoring and Q and A call with either Lissa, Amy or Bruce. The experience of a live course carries a vibration that will carry you along.

Our Homestudy course is currently unavailable, but we may re-release it in the future. When we do the course will include all of the content, but none of the live calls or mentorship .

GO HERE to hop off the fence and join us!

Finally, we know that it can be really helpful sometimes to hear about a personal experience from someone who has taken the leap of faith before you, so we wanted to share a special experience with you from one of our Visionary Ignition Switch graduates, Chris Grosso, whose life and Visionary path took off in amazing ways after taking VIS.

“People delivering more than they’ve promised is rare in this day and age, but to say that Amy Ahlers and Dr. Lissa Rankin did so in their Visionary Ignition Switch program would be an understatement. Covering topics from building your platform to networking, book publishing and launches, publicity, marketing and much, much more, Amy & Lissa provided wonderfully insightful content through personal anecdotes, highlighting both what did and did not work for them through several years of trial and error. Thanks to the tools I learned in VIS, I signed with a very reputable agent in the literary field who has since sold three of my books to major publishing houses, including **Beyond Words/Atria** (imprint of Simon & Schuster), **Sounds True** and **Llewellyn Worldwide**. These books have also earned endorsements from Academy-award winning actor **Jeff Bridges**, skateboarding legend **Tony Hawk**, and spiritual teachers such as **Ram Dass**, **Ken Wilber**, **Jack Kornfield**, **Tara Brach**, **Sharon Salzberg**, **Lama Surya Das**, **Marci Shimoff** and many more. I’m very grateful to Amy and Lissa for making this educational experience one filled with joy, lightheartedness, warmth and unconditional support. I'm still using what I learned from this course several years later and highly recommend VIS to anyone looking to take their dreams, goals and visions to the next level!”
— **Chris Grosso, author of *Indie Spiritualist, Everything Mind and Going In To Find Our Way Out* (2017)**

SUBJECT: Enrollment for Visionary Ignition Switch Closes At Midnight

Dear Name,

One of the most common questions interviewers ask Lissa is, "How did you finally decide to take a leap of faith and quit your job as a doctor?"

Lissa always says, ***"When the pain of staying put exceeds your fear of the unknown, you leap."***

Or as Anaïs Nin says, ***“And the day came when the risk to remain tight in a bud was more painful than the risk it took to blossom.”***

Or as Martin Luther King, Jr. puts it, ***“Faith is taking the first step even when you don't see the whole staircase.”***

Today is decision day for those of you who are ready to leap and blossom and who sense that Visionary Ignition Switch is the aligned next step for you on the staircase of your visionary journey.
